

13	10" Wyes or tees, ex. str.	each	4.74
14	8" Wyes or tees, ex. str.	each	3.16

For excavating, laying, and backfill, complete in every detail as shown on the Drawings and as specified, the following quantities of sewer pipe and fittings:

15	8" sewer, 0'-8' cut	L.F.	3.10
16	10" sewer, 0'-8' cut	L. F.	3.10
17	10" sewer, 8'-10' cut	L.F.	4.40
18	12" sewer, 0'-8' cut	L. F.	3.40
19	12" sewer, 8'-12' cut	L.F.	4.90
20	12" sewer, 12'-16' cut	L. F.	6.90
21	15" sewer, 0'-8' cut	L. F.	3.40
22	15" sewer, 8'-12' cut	L.F.	5.15
23	15" sewer, 12'-16' cut	L.F.	6.90
24	15" sewer, 16'-20' cut	L.F.	10.65
25	15" sewer, 20'-24' cut	L.F.	14.40
26	18" sewer, 0'-8' cut	L.F.	3.90
27	18" sewer, 8'-12' cut	L.F.	5.40
28	18" sewer, 12'-16' cut	L.F.	8.90
29	18" sewer, 16'-20' cut	L.F.	11.15
30	18" sewer, 20'-24' cut	L.F.	15.65
31	24" sewer, 0'-8' cut	L.F.	4.40
32	24" sewer, 8'-12' cut	L.F.	6.40
33	24" sewer, 12'-16' cut	L.F.	9.90
34	24" sewer, 16'-20' cut	L.F.	12.40

For the construction of brick manholes as listed below, complete in every detail as shown on the Drawings and as specified:

35	Standard Manholes, 0'-8' deep	Ea.	260.00
36	Additional Manhole depth below 8'	L.F.	30.00

For miscellaneous items, complete in every detail as shown on the Drawings and as specified, as follows:

Item No.	Description	Unit	Unit Price
37	Crossing at Prairie Creek near sewage treatment plant, 24" Class 100 C.I. Pipe	L.F.	\$23.55
38	Jacking or boring 26" steel pipe under State Rd 39	L.F.	59.00
39	Crossing State Road No. 39, 16" C.I. Pipe Class 100	L.F.	\$ 19.50
40	Jacking or boring 26" steel pipe under Penn. R.R. at Camp St.	L.F.	58.00
41	Crossing Penn. R.R. at Camp St., 16" C.I. Pipe Class 100	L.F.	19.50
42	For jacking or boring 28" steel pipe under N.Y. Central R.R. south of old sewage plant	L.F.	65.00
43	18" Class 100 C.I.P. in casing under N.Y. Central R.R.	L.F.	22.00
44	Jacking or boring 26" steel pipe under Penn. R.R. at Noble St.	L.F.	63.00
45	16" Class 100 C.I.P. in casing under Penn. R.R. at Noble St.	L.F.	19.50
46	Jacking or boring 26" steel pipe under Penn. R.R. at Suppiger Canning Co.	L.F.	60.50
47	16" Class 100 C.I.P. in casing at Penn. R.R. at Suppiger Canning Co. crossing	L.F.	19.50
48	18" Class 100 C.I.P. at Reynolds Ditch near Manhole No. 12	L.F.	22.00
49	16" Class 100 C.I.P. at Reynolds Ditch near Manhole No. 21	L.F.	19.50
50	12" Class 100 C.I.P. at Reynolds Ditch near Manhole No. 28	L.F.	16.00
51	Manhole 27 and special by-pass overflow	L.S.	1,500.00
53	Crossing under railroad siding tracks between Manholes 71 and 72	L.S.	500.00
54	10" drop inlets to Std. M.H.'s	each	150.00
55	6" V.C.T. Riser Pipe, furnish & install	L.F.	2.96
56	Class "D" conc. in Type II cradle	cu.yd.	70.00
57	Class "D" conc. in Type III Encasement	cu.yd.	65.00
58	Wood sheeting left in place	M/db.ft.	225.00
59	Rock Excavation	cu.yd.	15.00
60	Special filling material	cu.yd.	4.00
61	Bank-run gravel for trench fill	cu.yd.	4.00
62	Crushed stone for trench fill at driveways	cu.yd.	5.00
63	4" Farm Drain Tile	L.F.	2.17
64	Special compacted stone base course	cu.yd.	6.00
65	Bituminous Pavement replacement	sq.yd.	4.50
66	Concrete Pavement replacement	sq.yd.	8.00
67	4" concrete sidewalk replacement	sq.yd.	5.40
