PETITION NO.26

We, the undersigned property owners, City of Lebanon, Indiana, do hereby petition the Board of Works of said city that a necessity exists for storm drainage in the vicinity of their property along the Elizaville Road. They further petition that storm drainage be constructed under the provisions of the General Improvement Fund Law of the State of Indiana. The undersigned feel that water flowing from higher ground at the Eastern Limits of the city westward and from higher ground in the vicinity of 2001 Elizaville Road collects on property identified by house numbers as follows;

2009 Elizaville Road	2015 Elizaville Road
2011 Elizaville Road	2017 Elizaville Road
2013 Elizaville Road	2019 Elizaville Road

RESOLUTION CONFIRMING DECLARATORY RESOLUTION NO. 1, 1958.

The Board of Public Works and Safety having met on December 8, 1958 to hear all persons interested in, or whose property is affected by, the following described public improvement: Sidewalk Improvement Resolution No. 1, 1958, for construction of new sidewalks, curbs and gutters on and along both sides of Garfield Street and the south side of Essex Street in the City of Lebanon, beginning on Garfield Street at the property line along the North edge of West Chicago Street and extending north on and along both sides of said Garfield Street to the south line of West Camp Street and beginning on Essex Street at the East property line of Garfield Street and extending east along the south side of Essex street to the west line of North Lebanon Street, and also that a necessity exists for the construction of drainage sewers along a portion of said Essex and Garfield Streets for the purpose of carrying off surface water on said Essex and Garfield Streets said sewer construction to be a part of this sidewalk improvement project.

After it appearing that notice has been given to all persons interested by publication and mailing, proofs of which are on file, and being sufficiently advised in the premises, the board decides that the benefits to property liable to be affected by said improvements are equal to the estimated cost of the same, as reported by the project engineer, and the board takes final action on said resolution as originally adopted, the same being confirmed, without modification.

It is further ordered that the Clerk-Treasurer shall give notice according to law to contractors for the construction of said improvement.

Passed and adopted this 22nd day of December, 1958.

(Signed)

Max Edwards
