PETITION NO. 51

To the Honorable Mayor and The Common Council of the City of Lebanon, Ind.

We, the undersigned, citizens and for the most part freeholders of the City of Lebanon, wish to submit the following petition phrased in three parts:

First: Due to the prevalence of prowlers in the area's known as the 'Hot Water Pond' and in and near the Conservation Club, we petition for a street light to be erected on the pole already located in the 800 Blk. on East Noble Street.

Second: We suggest that your body make a survey as to the feasibility of widening the west intersection of Indianapolis Ave. and East Noble Street. South bound traffic on Indianapolis Ave. desiring to turn right on East Noble must pull into the left lane of traffic in order to turn, thereby creating additional traffic hazards.

Third: We ask that the authorities make a closer check of speeding, hot-rodding, faulty cut-outs, etc., particularly in the late evenings and week-ends.

We thank you for your consideration
