To Whom it may concern,

The people who have signed below are concerned about a safety hazard, located at the corner of South Coombs Street and West Elm Street.

There is a row of bushes that blocks the view of the people pulling out onto South Coombs Street. You have to pull half way out in order to see if there's anything coming.

We have asked the people there to trim these bushes, but they have done nothing. Now we are asking the law to do something about it.

Sincerely Yours,
