

Public Fire Protection

The amount to be paid by the City of Lebanon for fire hydrant rental shall be \$354.00 per hydrant per year, payable semi-annually.

Private Fire Protection

Hydrant Rental - each per annum \$354.00

Tapping Fees

Each user, at the time he is connected with the waterworks system, shall pay a charge to cover the costs of tapping the main, furnishing and laying service pipe, corporation and stop cocks, service and meter bos and installing the meter.

The charge for 5/8 inch meter tap shall be \$125.00. The charge for a 3/4 or 1 inch meter tap will be the cost of labor and materials and will be not less than \$150.00.

The charge for a tap larger than 1 inch will be the cost of labor and materials.

Section 2. All bills for water service not paid within ten (10) days from the due date thereof shall, as stated in such bills, be subject to a collection of deferred payment charge of ten percent (10%) on the first \$3.00 and three percent (3%) on the excess over \$3.00.

Section 3. This ordinance shall be in full force and effect from and after its passage; provided, however that the schedule of rates and charges hereinbefore set out shall not become effective unless approved by the Public Service Commission of Indiana or until such time and manner as the Commission shall direct.

Passed and adopted by the Common Council of the City of Lebanon on the 27th day of November, 1978.

Mayor

ORDINANCE NO. 78-25

AN ORDINANCE CONCERNING THE ACQUISITION AND CONSTRUCTION OF EXTENSIONS AND ADDITIONS TO THE WATERWORKS OWNED AND OPERATED BY THE CITY OF LEBANON, INDIANA, AUTHORIZING THE ISSUANCE OF REVENUE BONDS TO PROVIDE FOR THE COST THEREOF, AND MATTERS CONNECTED THEREWITH

WHEREAS, the City of Lebanon is the owner of and operates an unencumbered waterworks furnishing the public water supply to said City and its inhabitants; and

WHEREAS, the Council now finds that said waterworks is in need of certain extensions and additions, and that said extensions and additions are required in order to protect properly the health, well being and property of the City and its inhabitants; and

WHEREAS, the City has employed Henry B. Steeg & Associates Division of Howard Needles Tammon & Bergendoff, Consulting Engineers of Indianapolis, Indiana, to determine the extensions and additions required and the cost thereof, and has found from bids received and estimates as to incidental expenses that the cost of said project will be in the approximate amount of Four Million Seven Hundred Sixty Thousand Dollars (\$4,760,000), including all incidental expenses necessary to be incurred in connection therewith; and

WHEREAS, the Council now finds that, subject to the approval of the Public Service Commission, funds to pay the cost of the project may be provided by the issuance and sale of revenue bonds in the amount of Four Million Seven Hundred Sixty Thousand Dollars (\$4,760,000), payable solely out of the revenues of said waterworks and not constituting a general obligation of the City; now therefore,

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF LEBANON, INDIANA:

Section 1. That the City of Lebanon (hereinafter sometimes referred to as the "City"), being the owner of and engaged in operating unencumbered waterworks supplying the City, its environs, and their inhabitants with water for public and domestic use, now provide for certain needed extensions and additions to such waterworks and the payment of such extensions and additions from the revenues and receipts of said waterworks pursuant to and in the manner prescribed in Chapter 155 of the Acts of 1929, and the acts amendatory thereof and supplemental thereto (sometimes hereinafter referred to as the "Act"). The terms "waterworks," "water system", and "system" wherever used in this ordinance shall be construed to mean and to include the existing waterworks owned by the City and all extensions, additions and improvements thereto and replacements thereof now or subsequently constructed or acquired.

Sec. 2. Said additions and extensions, consisting of principally three new wells, a new water treatment plant, a new transmission main, installation of additional water mains, cleaning and coating of one existing elevated storage tank and construction of a new 500,000
