

NOW, THEREFORE, BE IT ORDAINED AND ENACTED by the City Council of the City of Lebanon, County of Boone, State of Indiana as follows:

SECTION 1. DEFINITIONS

Unless the context specifically indicates otherwise, the following terms and phrases, as used in this ordinance, shall have the meanings hereinafter designated:

101. "Act or "the Act" - The Federal Water Pollution Control Act, (PL 92-500) also known as the Clean Water Act of 1977, as amended, 33 U.S.C. 1251, et. seq. (95-217); as well as any guidelines, limitations and standards promulgated by the Environmental Protection Agency pursuant to the Act.
102. "Applicable Pretreatment Standard" - Any pretreatment limit or prohibitive standard (federal and/or local) contained in this ordinance deemed to be the most restrictive which non-domestic users will be required to comply with.
103. "Approval Authority" - The Director in an NPDES state with an approved State Pretreatment Program and the Administrator of the EPA in a non-NPDES state or NPDES state without an Approved State Pretreatment Program.
104. "Average Monthly Discharge Limitation" - The highest allowable average of "daily discharges" over a calendar month, calculated as the sum of all daily discharges measured during a calendar month divided by the number of daily discharges measured during that month.
105. "Authorized Representative of Industrial User" - An authorized representative of an Industrial User may be: (1) A principal executive officer of at least the level of vice-president, if the Industrial User is a corporation; (2) A general partner or proprietor if the industrial user is a partnership or proprietorship, respectively; (3) A duly authorized representative of the individual designated above if such representative is responsible for the overall operation of the facilities from which the indirect discharge originates.
106. "Beneficial Uses" - These uses include, but are not limited to, domestic, municipal, agricultural and industrial use, power generation, recreation, aesthetic enjoyment, navigation, and the preservation and enhancement of fish wildlife and other aquatic resources or reserves, and other uses, both tangible or intangible, as specified by state or federal law.
107. "Biochemical Oxygen Demand" - (or B. O. D.) of sewage, sewage effluent, polluted waters or industrial wastes shall mean the quantity of dissolved oxygen in milligrams per liter required during stabilization of the decomposable organic matter by aerobic biochemical action under standard laboratory procedures for five (5) days at 20° Centigrade. The laboratory determinations shall be made in accordance with procedures set forth in "Standard Methods".
108. "Building (or House) Drain" - The lowest horizontal piping of building drainage system which receives the discharge from waste, and other drainage pipes inside the walls of the building and conveys it to a point approximately five (5) feet outside the foundation wall of the building.
- 108.1 "Building Drain - Sanitary" - A building drain which conveys sanitary or industrial sewage only.
- 108.2 "Building Drain - Storm" - A building drain which conveys storm water or other clear water drainage, but no wastewater.
109. "Building (or House) Lateral Sewer" - The extension from the building drain to the sewerage system or other place of disposal.
- 109.1 "Building Sewer - Sanitary" - A building sewer which conveys sanitary or industrial sewage only.
- 109.2 "Building Sewer - Storm" - A building sewer which conveys stormwater or other clear water drainage, but no sanitary or industrial sewage.
110. "Categorical Standards" - National Categorical Pretreatment Standards
