

Ord. 83-25 (cont.)

If service is metered at a voltage of approximately 480 volts or lower, the maximum load measurements shall be increased by one percent (1%) and the energy measurements shall be increased by one and one-half percent (1 1/2%) to convert such measurements to the equivalent of metering at the Utility's primary voltage.

Billing Maximum Load

The Billing Maximum Load for any month shall be the maximum load for the month, but in no month shall the Billing Maximum Load be less than 50 kilovolt-amperes.

Monthly Minimum Charge

The Monthly Minimum Charge shall be 75% of the highest Maximum Load Charge established during the preceding eleven (11) months, which shall not be less than \$187.50 per month.

* Subject to the provisions of Appendix A.
