[Preserved from Ordinance 79-4 dated 3/12/79]

(y) "User Charge" shall mean a charge levied on users of the wastewater treatment works for the cost of operation and maintenance of such works. The method of computing the initial user charge and debt service charge is contained in a report prepared by H.J. Umbaugh & Associates, Certified Public Accountants, Indianapolis, Indiana, and is incorporated as a part hereof. Prior to May 1 of each year, the Utility Service Board shall have prepared and presented to the Common Council an accounting of operation and maintenance expenses, replacement costs and debt service for the immediately preceding calendar year, and the Common Council shall, upon receiving said accounting, effect any change in the monthly sewer charges necessary to produce revenue proportionate to costs for each user.

Section 2. For tap fee services rendered by the Sewer Department of the City of Lebanon, the charge shall be \$750.00.

Section 3. For the use of and the services rendered by Sewage Works, rates and charges shall be collected from the owners of each and every lot, parcel of real estate or building that is connected with the City's sanitary sewer system or otherwise discharged as sewage, industrial waste, water or other liquids, either directly or indirectly, into the sanitary sewer system of the City of Lebanon. Such rates and charges include operations and maintenance, user charges, debt service charges, which rates and charges shall be payable as hereinafter provided and shall be in an amount determinable as follows:

(a) The sewage rates and charges shall be based on the quantity of water used on or in the property or premises subject to such rates and charges, as the same is measured by the water meter there in use, plus a base charge based on the size of the watermeter installed, except as herein otherwise provided. The water meters shall be read monthly and the users shall be billed monthly. The water usage schedule on which the amount of said rates and charges shall be determined by the addition of the base charge for the month and the treatment flow rate per month as follows:
