PETITION-SEWER MarLee Manor 3

Dear Editor

We live in the third section of MarLee Manor. We feel our plight should be brought to the attention of the city council and the general public. This is a growing matter of concern and must be acted upon.

It involves the builder Robert P. Russell and his proposed fourth and fifth addition. Last year about this time dug trenches for the sewer lines and they have remained open since then.

What we are so upset about is these trenches have water, mud and building debris in them. These are a grave danger to the children in the immediate area. It is also a terrible health hazard. With encephalities carrying mosquitos in evidence to this county, something must be done.

Does it take a child being seriously hurt, perhaps drowned to get this problem acted upon? Does it take an adult becomming gravely ill from a mosquito bite to have them filled in?

Do we have to go to the STATE Board of Health?
