PETITION

PETITION FOR THE REPAIR AND RE-OPENING OF THE WEST BUSBY STREET BRIDGE

We, the residents and taxpayers living on or near the vicinity of West Busby Street, hereby petition the Lebanon City Council to give priority consideration to the repair, improvement and re-opening of the West Busby Street bridge.

This bridge having been closed for the past several months has caused considerable inconvenience not only to the home owners on West Busby Street, but also to any other residents in Lebanon and surrounding areas who have reason to use Busby Street. Since this bridge has been closed for a number of months, we feel it should be given priority over some of the other bridges which at least are passable at the present time. Your consideration will be appreciated.
