October 27, 2023

Per request of the Indiana Economic Development Corporation ("IEDC"), American Structurepoint, Inc., has reviewed the information provided by, and available from, the City of Lebanon, Indiana (the "City") and the law firm of Taft, Stettinius and Hollister ("Taft") to determine whether the parcels identified in the attached map, if annexed into the City of Lebanon, would comply with the contiguity requirements set forth in IC§ 36-4-3-1.5(a).

Based upon the information available, reviewed, and provided (which is commonly relied upon in the industry), at least one-eighth (1/8) of the external boundaries of the proposed territory to be annexed ("Territory") coincides with the existing boundaries of the City, thereby satisfying the contiguity requirement of IC§ 36-4-3-1.5(a) to support the voluntary annexation of such parcels into the City.

We are available at your convenience to answer any questions or further discuss this matter.

Sincerely,
American Structurepoint, Inc.

Matthew D. Moore, PE, PMP
Vice President
