

CITY OF LEBANON
PLANNING & ZONING ADMINISTRATION DEPARTMENT
401 S. MERIDIAN STREET
LEBANON, IN. 46052
(765) 482-8845

Primary Plat Submittal Requirements

Ordinance 07-16, Section 9.19, Lebanon Unified Zoning Code

1. The applicant shall first schedule a meeting with staff prior to filing regarding applicable zoning and subdivision control ordinances and procedures.
2. Applicant shall submit applications (attached) and pay filing fees at least five **5 weeks** prior to being placed on the Plan Commission agenda.
 - a. Submit attached application for the calculations of fees by the utility provider for water and sanitary sewer availability and connection, which may also include fees for temporary electric, line extension and inspections. Fees are due prior to the issuance of an improvement location or building permit.
3. The applicant shall schedule a meeting with the Lebanon Technical Advisory Committee for review of the appropriate plans. **Development Plan requirements are detailed step-by-step in section 9.17 of the City Unified Development Ordinance. Plat requirements are detailed in Section 9.19 of the City's Unified Development Ordinance.** TAC is an advisory committee composed of City and County staff, which will review the plans, in an informal setting, for compliance with the Lebanon Zoning Code, Thoroughfare Plan and Subdivision Control Ordinance and assist in the successful completion of the project.

Submit eight (8) complete sets of the Primary Plat (Section 9.19) eighteen (18) days before the TAC meeting in order to be on the TAC agenda. TAC generally meets on the 1st and 3rd Tuesday of each month. Refer to the schedule of meetings on page 3. Meetings begin at 9:00 a.m. Please see TAC Procedures sheet on page 2 for a full description of the process.

 - a. Planning staff will prepare a comments recommending approval or requesting revisions. Five full size sets of revised drawings and one (1) copy in digital format shall be resubmitted to the Planning & Zoning Department for distribution to TAC members prior to the Plan Commission hearing.
 - b. Timely submittal of revisions is required to be placed on the agenda for public hearing before the Plan Commission. The plans or Plat and supporting documentation shall be available at the time the notice for public hearing is published. The applicant may be asked to return to TAC for further review by all members. Revised plans must be submitted 10 days before the Plan Commission meeting.

5. Planning Staff shall obtain list of all property owners with a 300-foot radius of the subject property and notice all the property owners and the newspaper.
 - a. Planning Staff shall submit notice to a newspaper of general circulation in the City of Lebanon for publication at least 10 days prior to the public hearing.
 - b. Petitioner will be invoiced for the direct cost associated with the noticing adjacent property owners and newspaper publication.
 - c. Planning Staff shall prepare packets for the Plan Commission to be submitted no later than (7) seven days prior to the meeting.
6. Plan Commission will hold a public hearing and gather information from the public. Applicant may represent his/herself or employ an attorney, engineer, architect or planner for this purpose.
7. Submit application for Building Permit with Plan Commission approval. Refer to the checklist attached.
8. Fees for Utility service are due prior to the issuance of a building permit.

TAC Procedure

1. Applicant submits two (2) sets of plans to the Planning & Zoning Office for distribution to the TAC members 18 days before the TAC meeting and 5 weeks before the Plan Commission meeting. This will give the TAC members 1 week (7 days) to review plans and type up a review of comments. This will give the applicant 1 week (7 days) to respond to comments before the TAC meeting.
2. TAC members shall submit their review letter to the Planning & Zoning office to be combined into a review letter for the applicant before the official TAC meeting.
3. The Planning & Zoning Office would distribute the letter to the applicant.
4. At the TAC meeting the applicant would answer the TAC members review comments. (The applicant would not resubmit revised plans before the TAC meeting).
5. At the TAC meeting (3 weeks prior to the Plan Commission meeting) the members would decide if the applicant needs to either:
 - A. Come back to TAC for further review.
 - B. Schedule a meeting with a specific department for further review.
 - C. Or is ready to go to the Plan Commission meeting for approval- with any other board approvals that may be required.

If the applicant is deemed ready for the Plan Commission meeting then, they shall be given a docket number and provide notice to the paper and joiners per the Ordinance.

6. After the TAC meeting the applicant would make the necessary changes to the plans, and then resubmit plans to the planning staff for review and compliance 10 days before the Plan Commission meeting. Staff will prepare and submit a report to the Plan Commission 5 days prior to the Plan Commission meeting.

Primary Plat Fee
\$500.00 plus \$25.00 per acre

Detailed submittal requirements are included in Section 9.19 B of the Lebanon Unified Ordinance.

Below is an overview of items to be included in the submittal.

All plans are required to be sealed by a Professional Engineer or Registered Land Surveyor licensed in the State of Indiana. All sheets shall be 24"x36" format draw to scale of minimum 1"=50' and maximum of 1"=10' (except for the required vicinity map). All final plans shall be submitted in hard copy and in digital format as per City requirements.

_____ A. Completed application form.

_____ B. Primary Plat

1. Submittal. The subdivider shall provide an Overall Primary Plat of the Subdivision, the design of which shall be in conformance to the Comprehensive Plan, the Thoroughfare Plan, the Unified Development Ordinance, these subdivision regulations, and other City Ordinances not in conflict with these regulations. Further, the intent of the Primary Plat section is to ensure that the statutory requirements established in the Indiana Code for the subdivision of land are met.

2. Preparation. The Overall Primary Plat shall be prepared by a Professional Engineer or Land Surveyor licensed in the State of Indiana and drawn according to the specifications set forth as follows.

3. Plans and Specifications. The Primary Plat shall have the following sheets and information.

_____ a. Sheet One "Title Sheet":

- 1) Proposed name of the subdivision, followed by the words: "Overall Primary Plat".
- 2) A site location map showing the location of highways, local/ county roads, rural routes, utilities, legal drains, flood plains, private drain tile, open drains, watershed boundaries, and any other physical features that may have a bearing on proposed development (i.e.: swamp, steep escarpments, woods, etc.)
- 3) Names and addresses of the owner of the land, the subdivider, planner, architect, engineer, land surveyor or other persons who prepared the plan.
- 4) Property owners and existing land use of adjacent land.
- 5) An index of sheets contained in the set.

_____ b. Sheet Two "Topographic Conditions":

- 1) Contours at vertical intervals of two (2) feet or less if the slope of the site is less than ten percent (10%) and at vertical intervals of five (5) feet if the general slope of the site is ten percent (10%) or greater.
- 2) Tract boundary lines showing dimensions, bearings, angles, and references to section, township and range lines.
- 3) Plot and profile of existing drainage, drainage channels, underground facilities, wooded areas, power transmission poles and lines, and any other significant items shall be shown.
- 4) The location and size of all existing utilities.
- 5) All subdivision plats containing lands identified on the official Flood Emergency Management Agency (FEMA) Maps (as amended), or determined by the Indiana Department of Natural Resources to be flood-prone areas shall have the elevation of the one hundred year flood listed thereon.

_____ c. Sheet Three "Plan Layout Sheet":

- 1) Streets and rights-of-way on and adjoining the site of the proposed subdivision, with street names, sidewalks and other pertinent data.
- 2) The layout of lots, showing dimensions and numbers and square foot area of each lot. Block number, distances, radii and chords shall also be shown.
- 3) Parcels of land proposed to be dedicated or reserved for schools, parks, playgrounds, or other public, semi-public or community purposes.
- 4) Building setback or front yard lines.
- 5) Easements: Locations, widths and purposes.
- 6) The "Plan Layout Sheet" may be incorporated into the "Topographic Sheet" provided such incorporation does not result in a drawing which is illegible.

_____ d. Sheet Four "Utility Layout Sheet":

- 1) A drawing showing the locations of the proposed sanitary sewers with connections to the main sewer system, lift stations, if any, and other appurtenances, if any.
- 2) A drawing showing the location of a public or quasi-public source of water supply.
- 3) A drawing showing the proposed method of drainage:
 - a) If storm sewers or similar type of system is used, show connection to main system, or method of disposition into stream, retention reservoir, etc.; distance to stream outlet; lift stations, if any; man holes, if any; inlets; junction boxes; and other necessary appurtenances.
 - b) If surface drainage is planned, show the following where applicable: location and type of roadside swales, grassed waterways, water courses, and open ditches; roll curb and gutter sections; location and approximate size of road culverts; location and typical cross-section of grades, swales, waterways, roadside ditches, and/or open ditches; approximate depth and grades of above mentioned surface drainage; and necessary profiles, Cross-sections, and other information to the adequacy of the outlet drain or detention reservoir.
- 4) Written statement concerning the location and approximate size or capacity of utilities to be installed.

_____ e. Sheet Five "Supplementary Information":

- 1) Phasing plan for any subdivision that is to occur in stages, along with a proposed schedule for the phasing.

- 2) Written statement of the proposed use of lots, stating type of residential buildings with number of proposed dwelling units or type of business or industry, so as to reveal the effect of the development on traffic, fire hazards or congestion of population.
- 3) Proposed covenants and restrictions.
- 4) Elevations or renderings of typical product to be constructed in the subdivision.
- 5) A National Cooperative Soil Survey Map from the Subdivision Administrator or the local Soil and Water Conservation District showing the soil limitations based upon the intended usage of the subdivision.
- 6) Included in the application shall be a conservation plan detailing the management of the soil, the water management plan for both surface and subsurface drainage, and the method or methods used in controlling erosion and sedimentation before, during, and following construction, i.e.: temporary seeding, siltation basins, mechanical erosion devices, and other similar means that meet the Boone County Soil and Water Conservation guidelines for urban development. (See Section 4 for more information.)
- 7) A written statement or letter from INDOT, the County Highway Department, or City Street Department concerning rights-of way, road improvements, roadside improvements, roadside drainage, entrances, culvert pipes, and other infrastructure improvements that impact this proposal.
- 8) If legal drain is involved, a letter or written statement of approval from the Lebanon Storm Water Board concerning easements, rights-of-way, permits, etc.
- 9) If floodway is involved, a letter or written statement from the Indiana Department of Natural Resources, Division of Water concerning construction in floodway, including flood plain high water marks, etc.
- 10) A drawing or written statement which shows or explains other features or conditions which would impact the subdivision.
- 11) A Fiscal Impact Analysis shall be prepared for all residential subdivisions with fifty (50) or more lots.

Primary Plat Review and Approval

- a. The Subdivider shall submit the required items listed above in accordance with the procedures and time frame set forth in the Primary Plat Application and the Plan Commission Rules of Procedure. The submittal shall be complete prior to being placed on any agenda. The Primary Plat shall be reviewed with regard to the standards for the current zoning of the property and not any anticipated zoning. The process should not run concurrently with 314 Lebanon, Indiana Unified Development Ordinance Adopted: December 10, 2007 the rezoning for the subject parcel
- b. Staff will then put the project on the agenda for a regularly scheduled meeting with the Technical Assistance Committee (TAC) for the review of the Overall Primary Plat. The purpose of the TAC review is to ensure technical conformity with the Lebanon Unified Development Ordinance.
- c. After the Primary Plat has been reviewed and the applicant has responded satisfactorily to the comments made by the TAC, the Subdivision Administrator shall place the Application for Primary Plat Approval on the agenda for the next regularly scheduled meeting of the Plan Commission.
- d. The applicant shall publish a notice of the time and place of the hearing and the location of the proposed plat, in accordance with Section 9.15 Notice of Public Hearing, and the Plan Commission Rules of Procedure. The cost of the publication of the notice of public hearing shall be met by the applicant.
- e. The hearing shall be conducted in accordance with the Rules of Procedure. The Plan Commission shall review the application and shall study the "Overall Primary Plat" to determine if it conforms to the minimum standards and requirements as outlined in this ordinance. The Plan Commission shall also consider
 - 1) The written statement and supportive material submitted by the petitioner;
 - 2) The testimony of the petitioner;
 - 3) Relevant evidence presented by other persons;
 - 4) The Comprehensive Plan;
 - 5) The Lebanon Construction Standards Manual
 - 6) All information presented by the members of the Technical Advisory Committee;
 - 7) The Planning and Zoning Administrator's report; and
 - 8) Such other additional information as may be required by the Plan Commission to evaluate the petition.

f. The Plan Commission shall prepare findings of fact and:

- a. Approve the petition;
- b. Approve the petition with conditions and/or commitments;
- c. Deny the petition.
- d. Continue the petition to a definite future meeting date.

g. Commitments. In conjunction with the approval of a Primary Plat, the Plan Commission may permit or require the applicant to make written commitments concerning the use or development of the parcel.

h. Conditions of Approval. In conjunction with the approval of a Primary Plat, the Plan Commission may impose conditions of approval concerning the use or development of the parcel that will, in its judgment, substantially secure the objectives of these ordinances.

i. Upon denying an application, the Commission will not review the Overall Primary Plat until it is re-submitted, which cannot be done for a minimum of six (6) months.

j. The approval of the "Overall Primary Plat" by the Commission does not constitute approval of any or all of the subdivision, but is merely an authorization to proceed with preparation of a secondary plat.

j. Revisions. Following Plan Commission approval, the petitioner shall submit revised copies of the plans that address the comments and concerns of the Plan Commission and that are in conformance with the established procedures of the Planning and Building Department.

k. An approval of the Overall Primary Plat shall be effective for a period of twelve (12) months unless, upon request of the applicant, the Commission grants an extension of time. The application for a Secondary Plat shall be submitted to the Commission, and if it is not received within the specified period, all previous actions by the Commission with respect to the plat shall be deemed to be null and void.
